For this new phase of the residential project, the client once again selected **Creation 30 – 0504 Twist**, a flooring they've used in all their developments and trust for its on-trend design, warm colour, and consistent quality.

The **Creation 30** flooring fits seamlessly into the minimalist and contemporary design of the Écoquartier. Its textured wood appearance and modern colour contribute to a warm, welcoming living environment, while meeting the project's performance and long-term durability goals.
