Gerflor solutions at La Concorde High School

As part of a renovation project, Gerflor's **Attraction - 2740 Harlem Soft** flooring was installed directly over the existing ceramic tiles with only minor repairs, ensuring a fast and efficient transformation.

The interlocking modular format allowed for quick, clean installation without glue or demolition, while offering strong durability for high-traffic school environments. The result is a clean, modern, and easy-to-maintain space that meets the everyday needs of students and staff.

For further information on Gerflor's extensive range of flooring solutions, please contact us:
