## Gerflor solutions at the School des Sommets

A combination of durable, low-maintenance surfaces was installed throughout this modern school, including **Mipolam Accord** flooring and **SPM Decochoc** panels in bright, impact-resistant colors to protect high-traffic walls.

School des Sommets now benefits from a durable, functional, and aesthetically balanced environment, with flooring and wall protections tailored to the realities of an active school setting—offering both visual comfort and practical long-term performance.
