BRAMPTON, ON | 2025

Gerflor solutions at Treeline Public School

For the primary playing area, **Recreation 60 - 6062 Canadian Maple** was installed over **686 yd²**. This product offers **Class 2 shock absorption** (per ASTM F2722), excellent durability, comfort, and a classic wood-look aesthetic. Its **PUR Protect™** surface treatment simplifies maintenance, enhances stain resistance, and contributes to long life, while low VOC emissions and recyclable construction support healthy indoor air quality.

In addition, **Recreation 60 - 2711 Gray** was used for **74 yd²** in accent zones (e.g. border areas, non-play zones). Using the same product line in a contrasting color helps define zones while maintaining consistent performance and ease of maintenance.
