## Gerflor solutions at Whitehorn Public School

In 2024, Whitehorn Public School built a new gymnasium to support student athletics and school activities. The project required a durable, safe, and attractive sports floor suitable for daily use.

Gerflor's **Recreation 60** was installed for its performance and easy maintenance. **Canadian Maple (6062)** covered **307 yd<sup>2</sup>**, providing a classic wood look and Class 2 shock absorption. **Oceano (6614)**, installed over **209 yd<sup>2</sup>**, added visual contrast while maintaining the same durable construction.

The new gym now features a resilient, comfortable, and visually appealing surface designed for long-term school and community use.

For further information on Gerflor's extensive range of flooring solutions, please contact us:
